## SCORE CATEGORY BROW LAMINATION + DYEING

---

- **1.- VISAGISM/SHAPE:** We will look at the shape chosen and made by the professional according to the model's face.
- **2.- SYMMETRY:** Shape/thickness/color of both brows should be equal.
- **3.- WORK CLEALINESS:** During the competition, we will be taking into account the neatness that the professional has had while working until the final result.
- **4.- BROW LAMINATION:** The final lamination result, hair condition, brow styling...
- **5.- COLOR OF THE BROW:** The tint color or mix of tints chosen with the preliminary study of the model.
- **6.- BROW DEPILATION:** It will be taken into account the tidiness and shaping of the brow (depilation by tweezing, threading, or waxing)
- **7.- TIDINESS OF THE FINAL WORK:** The complete final work, the tidiness of the work (no tint stains, no hairs without plucking, no excess of product...)
- **8.- FINAL WORK:** The result of the total work
- **9.- TOTAL:** The summatory of punctuation of each rating.

## SCORE CATEGORY EYELASH LIFTING + DYEING

---

- **1.- FIRST IMPRESSION:** At first glance without analyzing deeply how you see the whole service (Has the lifting done its effect? Has the dye done its effect?)
- **2.- SYMMETRY:** Both eyelashes are equally done.
- **3.- WORK CLEANLINESS:** During the competition the neatness that the professional has, will be taken into account while working until the final result. Without excess product, etc.
- **4.- CURVATURE:** The curvature of the eyelash is perfectly worked, from the outer corner of the eye to the inner one.
- **5.- COLOR OF THE LASH:** We will evaluate that the eyelash tint is correctly applied from root to top, and the chosen color should suit the model.
- **6.- PAD PLACEMENT:** During the service, we will check that the silicon pad is correctly placed, and adhered in the correct area for a good final result.
- **7.- TIDINESS OF THE FINAL WORK:** Total cleanliness of the service, eyelashes correctly aligned and separated avoiding that they end up matting or with excess of product.
- **8.- FINAL RESULT:** The result of the total work, curl, tint, etc.
- **9.- TOTAL:** The summatory of the points of each evaluation.
